Simplicity and elegance combine to create this practical and stylish range.

Connection

One.

designed by Paul Brooks

It really is the one.

A meeting or task chair with complete unexaggerated honesty in design. The moulded plastic back, seat-pan and armrest form one unified sculptural piece.

Complementary meeting tables complete the range.

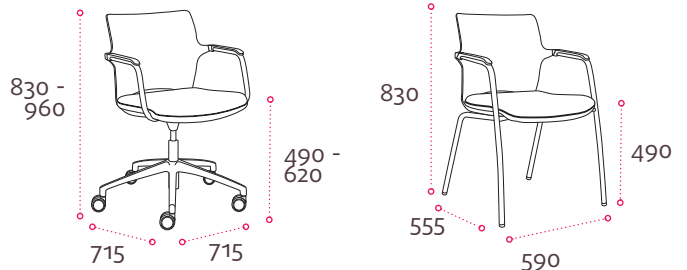

Specification.

Moulded polypropylene backrest and set-pan in black as standard with the option of white. Removable seat cushion.

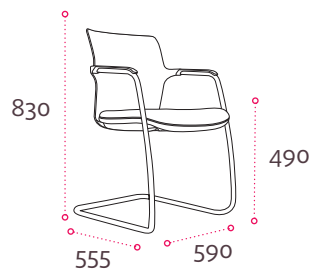

Height adjustable swivel chair has 5 star black plastic base as standard, with option of polished base. Available with black castors or glides.

Silver cantilever and 4 leg versions have option of chrome frame.
