Venue. Defining spaces.
inspirational and flexible modular
soft seating system.

Connection

Venue.

designed by David Fox

A modular system which is all about defining spaces. Venue is able to be configured in numerous forms as a path, island unit, quadrant or circular.

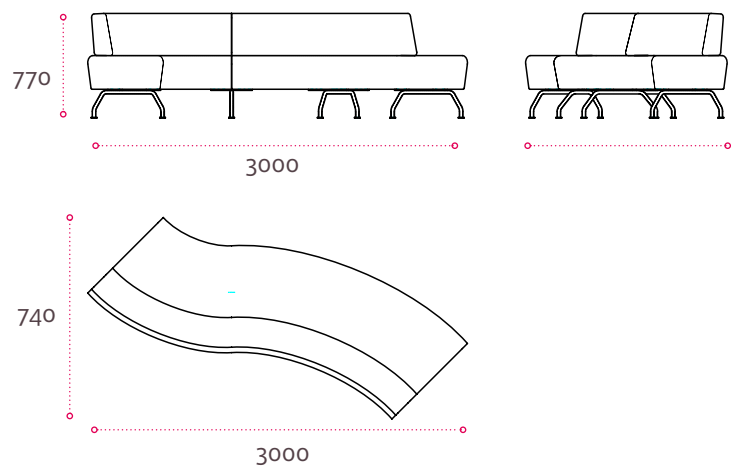

Specification.

Venue can be configured as multi-directional path or island unit. Hardwood frames, web sprung seat, CMHR foams and silver sub frame. Chrome leg option.

The Venue range includes modular tables to link units. An alternate leg option allows the user to move and reconfigure the system to adapt to changing environments.

Complementary oval coffee tables complete the range.

Environment	
Recyclability	100%
Packaging	CFC free 100% recyclable
